DPHSS Guidance Memorandum 2020-11 Rev11

RE: Additional Guidance Relative to Executive Order No. 2021-10

As part of Guam's ongoing effort to contain the spread of COVID-19, all individuals entering Guam by air or sea shall be subject to a 10-day quarantine, except as provided herein. Arriving passengers must quarantine at a Government of Guam Quarantine Facility (QFAC), unless the individual qualified for quarantine at an approved rental lodging or personal residence as authorized by the Guam Department of Public Health and Social Services (DPHSS). Individuals may also be eligible for exemption from quarantine provided they present the required documents upon arrival, pursuant to this Guidance Memorandum. **The submission of false written statements and/or documents with intent to mislead constitutes a misdemeanor (9 GCA Chapter 52).**

Government quarantine facilities, and all services included therein, are provided at no cost to travelers.

In coordination with the A.B. Won Pat International Airport Authority, Guam (GIAA), transiting passengers will remain in a designated section of the airport facility while awaiting connecting flights less than 13 hours from landing time to departure time. Transiting passengers awaiting connecting flights in excess of 13 hours will quarantine at the QFAC until they are transported to the GIAA to transit off Guam.

All persons are required to fill out a Health Declaration form prior to or upon arrival in Guam. Individuals subject to Government of Guam quarantine restrictions are requested to voluntarily comply with the Government of Guam quarantine requirements and indicate their willingness by signing a *Voluntary Quarantine Acknowledgement* form. Individuals who choose not to sign or do not agree to voluntarily comply with quarantine will be subject to Involuntary Quarantine and issued a Directive for Temporary Quarantine. Individuals who are involuntarily quarantined will also be issued a copy of the 10 GCA Chapter 19 Article 6 and Definitions, and notified of their right to legal representation.

Compliance with voluntary quarantine regardless of location is subject to monitoring, verification, and enforcement. **The knowing and intentional failure to follow any part of this order constitutes a misdemeanor punishable by a fine of not more than \$1,000 or imprisonment of not more than one year or both (10 GCA, Chapter 19, §19604 (c) Cooperation).**

Travelers arriving into the United States from any foreign country are subject to the Centers for Disease Control and Prevention (CDC) requirement for obtaining a negative pre-departure COVID-19 test result or documentation of recovery from COVID-19, and are still required to undergo

quarantine based on their traveler status as defined in this document, subject to exemptions as provided herein.

This guidance does not apply to individuals identified as close contacts to persons with COVID-19. Close contacts will be subject to quarantine based on applicable Guam law, DPHSS case investigation and quarantine protocols, and CDC guidelines, which may extend the quarantine period beyond the time prescribed herein. Travelers who test positive during their quarantine period or while transiting through Guam are subject to DPHSS isolation protocols and are not subject to this guidance.

Travelers are encouraged to download the Guam COVID Alert application on their mobile device.

For questions or concerns regarding this document, please submit your inquiry on dphss.guam.gov/quarantine.

I. ARRIVAL PROTOCOLS

A. ARRIVING PASSENGERS:

Arriving passengers (air or sea) are subject to a 10-day quarantine period regardless of pre-arrival COVID-19 test results, except as provided herein.

By signing a *Voluntary Quarantine Acknowledgement* form, arriving passengers agree to the following:

1. To comply with the voluntary quarantine order for the period prescribed;
2. To be transported by the Government of Guam directly from the port of entry to the QFAC;
3. To remain in their assigned room while in the designated QFAC;
4. To not receive visitors or visit any other rooms in the facility;
5. To be monitored daily for symptoms of COVID-19 14 days after arrival; and
6. To leave quarantine location only for medical emergencies and DPHSS-approved appointments.

Individuals departing by air or sea during their quarantine period will be permitted to leave the QFAC to transit off Guam if they provide verifiable departure information. Transportation will be provided from the QFAC to the A. B. Won Pat Guam International Airport for those traveling by air. However, transportation for individuals departing by sea will be the responsibility of the vessel agent.

Day 6 Test for Clearance from Quarantine

Individuals in the QFAC may receive, subject to availability and at no cost to travelers, a COVID-19 test on day 6 of quarantine administered by DPHSS or another provider designated by DPHSS.

Currently there are two types of diagnostic tests accepted by the DPHSS that detect SARS-CoV-2 (COVID-19): molecular test, such as RT-PCR tests, that detect the virus's genetic material, and antigen tests that detect specific proteins on the surface of the virus. These tests help to identify whether individuals are currently infected with the coronavirus.

If the individual receives a **negative COVID-19 test result**:

1. Individual will be cleared from quarantine;
2. Individual must comply with symptom monitoring for 14 days after arrival via Sara Alert; and
3. Individual is encouraged to download the Guam COVID Alert App.

In the event the individual receives a **positive COVID-19 test result**, the individual shall be subject to isolation protocols established by DPHSS and shall be isolated at a Government of Guam Isolation Facility.

In the event the individual declines to receive a COVID-19 test while in the QFAC, such individual shall complete the full 10-day quarantine in the QFAC.

B. FULLY VACCINATED INDIVIDUALS

Individuals who are fully vaccinated may be exempt from quarantine. Individuals are considered fully vaccinated 2 weeks after their second dose in a 2-dose series, or 2 weeks after a single-dose vaccine.

Fully Vaccinated with Immediate Proof of US FDA Authorized COVID-19 Vaccination

Individuals presenting immediate proof of vaccination are eligible to be exempt from quarantine at the port of entry.

Individuals seeking an exemption from quarantine under this section must present the following documents upon arrival:

1. Photo identification (e.g. passport, driver's license, state-issued identification);
2. COVID-19 vaccination record card, which includes the patient name, date of birth, vaccination date(s), and the brand of COVID-19 vaccine administered;
3. Secondary form of COVID-19 vaccine verification; and
4. Declaration of Individual Attesting to COVID-19 Vaccination, signed under penalty of perjury.

Acceptable secondary form of COVID-19 vaccine verification includes the following:

1. Vaccinating health authority record; OR,
2. Vaccinating provider letter; OR,
3. Receipt of COVID-19 vaccine administered; OR,

4. Other form of secondary verification, to be approved at the reviewing officer's discretion.

Individuals vaccinated in Guam, whose vaccination information are verifiable utilizing the WebIZ Application will not be required to present a secondary form of vaccine verification.

Fully Vaccinated without Immediate Proof of US FDA Authorized COVID-19 Vaccination

Individuals who are unable to present immediate proof of vaccination at the port of entry may be eligible for exemption from quarantine subject to the following requirements:

1. Individuals must sign a ***Voluntary Quarantine Acknowledgement form, as provided in Section I.A. above.***
2. Individuals must be quarantined and monitored for symptoms until such time as DPHSS is able to verify their vaccination status;
3. Individuals are encouraged to assist DPHSS in verifying their vaccination status, as necessary.

If Proof of Verification is obtained:

1. Individual will be cleared from quarantine;
2. Individual must comply with symptom monitoring for 14 days after arrival via Sara Alert; and
3. Individuals are encouraged to download the Guam COVID Alert App.

Individuals qualifying for an exemption from quarantine under this section are subject to the following requirements:

1. Individuals must observe social distancing, wear protective face coverings, and practice proper hand-washing etiquette;
2. Individuals must adhere to symptom monitoring by the DPHSS for 14 days after arrival;
3. Individuals must report any signs or symptoms of COVID-19 to DPHSS quarantine monitoring staff, and immediately stop working and isolate if they become symptomatic;
4. Individuals must be tested for COVID-19 at any private or public clinics if they are or become symptomatic; and
5. Individuals must adhere to any Executive Order currently in place for Guam as it pertains to the Public Health Emergency.

Failure to satisfy any of the requirements listed above will result in being subject to the original voluntary quarantine order and any accompanying documents.

C. INDIVIDUALS WITH A PREVIOUS COVID-19 INFECTION

Individuals who have contracted and recovered from COVID-19 within the 3 months preceding

their arrival in Guam, and who show no symptoms of infection may be eligible for exemption from quarantine. Individuals seeking an exemption from quarantine under this section must present the following documents upon arrival:

1. Photo identification (e.g. passport, driver's license, state-issued identification);
2. Valid positive COVID-19 PCR test result collected between 10 to 90 days prior to arrival;
3. Valid negative COVID-19 PCR test result collected within 10 days prior to arrival and a subsequent clearance from a physician, clinic or health department.

Individuals who are unable to present the required documents at the port of entry may be eligible for exemption from quarantine subject to the following requirements:

1. Individuals must sign a ***Voluntary Quarantine Acknowledgement form, as provided in Section I.A. above.***
2. Individuals must be quarantined at the QFAC and monitored for symptoms until such time as DPHSS is able to verify whether they qualify for an exemption due to a previous COVID-19 infection and recovery;
3. Individuals are encouraged to assist DPHSS in verifying whether they qualify for an exemption due to a previous COVID-19 infection and recovery, as necessary.

If Proof of Previous COVID-19 Infection is obtained:

1. Individual will be cleared from quarantine;
2. Individual must comply with symptom monitoring for 14 days after arrival via Sara Alert; and
3. Individuals are encouraged to download the Guam COVID Alert App.

If an individual becomes symptomatic within 24-48 hours at the QFAC, they will be assessed by a DPHSS medical provider who may recommend the individual be placed in isolation and/or receive additional COVID-19 testing. In addition, the DPHSS medical provider may choose to monitor the individual for up to 7 days in the QFAC and if deemed non-infectious, may clear the individual from quarantine, subject to symptom monitoring for 14 days after arrival via Sara Alert. Individual is further encouraged to download the Guam COVID Alert App.

Failure to satisfy any of the requirements listed above will result in being subject to the original voluntary quarantine order and any accompanying documents.

II. GOVERNMENT OF GUAM QUARANTINE FACILITY EXEMPTION PROTOCOLS

A. MINORS

A **minor** is defined as a person under the age of majority, which legally demarcates childhood from adulthood. The age of majority in Guam is eighteen (18). Therefore, persons below the

age of 18 are minors, unless they are emancipated minors. Emancipated minors are not subject to this section.

Unaccompanied Minors

An **unaccompanied minor** is defined as a minor who travels into Guam without the presence of a parent, legal guardian, or authorized representative. Upon arrival into Guam, the airline will follow its protocols for Unaccompanied Minor Service.

An unaccompanied minor arriving in Guam without proof of a US FDA authorized COVID-19 vaccination shall complete a 10-day quarantine period at the rental lodging or personal residence identified by the parent, legal guardian, or authorized representative who presents at the airport to assume responsibility of the minor. Such parent, legal guardian, or authorized representative must meet the minor at the airport and provide photo identification in order to receive the minor. In the event that an unaccompanied minor is not received at the airport by a parent, legal guardian, or authorized representative, DPHSS Child Protective Services will be notified.

The parent, legal guardian, or authorized representative will be requested to sign a *Voluntary Quarantine Acknowledgement* form indicating their willingness to comply with the 10-day quarantine requirements on behalf of the minor. The parent, legal guardian, or authorized representative has the option to have the unaccompanied minor tested for COVID-19 on day 6 after arrival to qualify for an abbreviated quarantine period. DPHSS will contact the parent, legal guardian, or authorized representative to arrange for testing. **Negative COVID-19 test results** allow the minor to end their quarantine period, subject to symptom monitoring for 14 days after arrival via Sara Alert. Individual is further encouraged to download the Guam COVID Alert App. Upon DPHSS's receipt of negative COVID-19 results, the parent, legal guardian, or authorized representative will be notified within 24 to 48 hours that the minor will end quarantine. In the event an individual receives a **positive COVID-19 test result**, the individual will be subject to isolation protocols established by DPHSS.

By signing a *Voluntary Quarantine Acknowledgement* form, the arriving minor's parent, legal guardian or authorized representative agrees to the following:

1. The minor shall comply with the voluntary quarantine order for the prescribed quarantine period;
2. To not receive any visitors at the quarantine location during the quarantine period;
3. The minor shall remain at the quarantine location for the duration of the quarantine period;
4. The minor shall be monitored daily for symptoms of COVID-19 via Sara Alert;
5. The parent, legal guardian, or authorized representative shall report any signs or symptoms observed in the minor to DPHSS quarantine monitoring staff; and
6. The minor shall leave the quarantine facility only for medical emergencies and approved medical appointments.

Unaccompanied minors under this section with departing flights during their quarantine period will be permitted to transit off Guam.

An unaccompanied minor arriving in Guam with proof of US FDA authorized COVID-19 vaccination is not subject to quarantine, however, is subject to symptom monitoring for 14 days after arrival via Sara Alert. Individual is further encouraged to download the Guam COVID Alert App.

Minors Accompanying Parents, Legal Guardians, or Authorized Representatives

For parents, legal guardians, or authorized representatives traveling with minors, all adults and minors must have proof of US FDA authorized COVID-19 vaccination to receive a quarantine exemption.

In the event parents, legal guardians, or authorized representatives of such minor have proof of US FDA authorized COVID-19 vaccination, but the minor does not, the minor will be required to quarantine at a residence identified by the parent, legal guardian, or authorized representative for 10 days. The parent, legal guardian, or authorized representative has the option to test the minor for COVID-19 on day 6 after arrival to qualify for an abbreviated quarantine period. DPHSS will contact the parent, legal guardian, or authorized representative to arrange for testing. Negative test results allow the minor to end their quarantine period, subject to symptom monitoring for 14 days after arrival via Sara Alert. Individual is further encouraged to download the Guam COVID Alert App. Upon DPHSS's receipt of negative results, the parent, legal guardian, or authorized representative will be notified within 24 to 48 hours that the minor may end quarantine.

In the event one of the parents, legal guardians, or authorized representatives of such minor has proof of US FDA authorized COVID-19 vaccination but the minor does not, the minor may complete a 10-day quarantine period in the custody of the parent, legal guardian, or authorized representative who is able to provide proof of US FDA authorized COVID-19 vaccination at the rental lodging or personal residence identified by the parent, legal guardian, or authorized representative. The parent, legal guardian, or authorized representative has the option to test the minor for COVID-19 on day 6 after arrival to qualify for an abbreviated quarantine period. DPHSS will contact the parent, legal guardian, or authorized representative to arrange for testing. Negative test results allow the minor to end their quarantine period, subject to symptom monitoring for 14 days after arrival via Sara Alert. Individual is further encouraged to download the Guam COVID Alert App. Upon DPHSS's receipt of negative results, the parent, legal guardian, or authorized representative will be notified within 24 to 48 hours that the minor may end quarantine.

In the event that the traveling adults do not have proof of US FDA authorized COVID-19 vaccination, but the minor does, parents, legal guardians, or authorized representatives may opt to have an authorized adult pick up the minor at the airport, or have the minor stay with them at the quarantine facility. The minor is not in quarantine, but must follow symptom monitoring for 14 days. Minors going into the government quarantine facility who are not under quarantine must remain under the parents, legal guardians, or authorized representatives' supervision in the

assigned room for the duration of their stay. Because the minor was exempt from quarantine at the point of entry, testing is not required for the minor at the facility.

Individuals in the QFAC may receive a COVID-19 PCR test on day 6, subject to availability, administered by DPHSS or another provider designated by DPHSS. Upon DPHSS's receipt of **negative COVID-19 test results**, the individual will be cleared from quarantine after completion of day 7, subject to symptom monitoring for 14 days after arrival via Sara Alert. Individual is further encouraged to download the Guam COVID Alert App. In the event an individual receives a **positive COVID-19 test result**, the individual will be subject to isolation protocols established by DPHSS and will be isolated at a Government of Guam Isolation Facility.

B. AIRLINE CREW MEMBERS AND FEDERAL AVIATION ADMINISTRATION (FAA) STAFF

Airline Crew Members who are not fully vaccinated (**Section I.B.**) or do not present documentation of a previous COVID-19 infection (**Section I.C.**) will be subject to the following guidelines.

Airline Crew Members and Federal Aviation Administration Staff are considered critical for the functioning of Guam.

Air Crew: A crew member arriving "by air" is defined as flight crew working on the arriving flights or commuting to work on upcoming passenger or cargo flights. Crew members must be listed on the "General Declaration" as provided by the Airline *or* pre-listed by DPHSS. Non-Guam based Air Crew Members must present a valid work identification and their work flight out of Guam upon arrival into Guam. The work flight out of Guam must be within 48 hours of arrival into Guam.

FAA Staff is defined as FAA employees who travel to Guam for the specific purpose of performing official duties in maintaining critical air transportation services. These persons must be non-residents performing official duties in Guam or residents returning from performing official duty and must present a valid FAA work identification upon arrival into Guam.

Airline Crew Members and FAA Staff must adhere to the following upon arrival in Guam:

1. Must sign a *Voluntary Quarantine Acknowledgement* form;
2. Must provide:
 - a. A valid physical address;
 - b. A working phone number where they can be contacted; and
 - c. A working email address.

Resident Airline Crew/FAA Staff are further subject to the following requirements:

1. Must adhere to the general protocols outlined by their employer, designed to mitigate COVID-19 transmission;

2. Must observe social distancing, wear face coverings and practice proper hand-washing etiquette; and
3. Are not required to quarantine or undergo COVID-19 testing;
4. Must adhere to any Executive Order currently in place for Guam as it pertains to the Public Health Emergency; and,
5. Must self-monitor for symptoms of COVID-19, and immediately notify their primary healthcare provider if symptoms develop.

Non-Resident Airline Crew/FAA Staff are further subject to the following requirements:

1. Must adhere to the general protocols outlined by their employer, designed to mitigate COVID-19 transmission;
2. Must self-quarantine within their personal residence or rental lodging for 10 days;
3. May only leave the quarantine location for the following purposes: to perform all official duties necessary to maintain critical air transportation services for Guam, purchase groceries, exercise outdoors, pick up curbside/drive-through food services, and for medical emergencies and medical appointments;
4. Must observe social distancing, wear face coverings and practice proper hand-washing etiquette;
5. Must self-monitor for symptoms of COVID-19, and immediately notify their primary healthcare provider if symptoms develop; and
6. Must comply with symptom monitoring for the duration of their stay via Sara Alert.

C. VESSEL CREW MEMBERS

Vessel Crew Members who are not fully vaccinated (**Section I.B.**) or do not present documentation of a previous COVID-19 infection (**Section I.C.**) will be subject to the following guidelines.

Vessel Crew is defined as crew working on the arriving/departing vessel or commuting to work on an upcoming passenger or cargo ocean vessel. Crew members shall adhere to the general protocols outlined by their Maritime employer designed to mitigate COVID-19 transmission. Vessel crew working on Department of Defense (DoD) vessels are subject to the DoD quarantine guidance. Refer to **Section II.F.**

Vessel Crew Members: To qualify for quarantine at an approved rental lodging or personal residence the following conditions must be met: (1) Crew names must be provided to DPHSS at least 24 hours prior to arrival in Guam by an authorized local vessel agent/employer; (2) a representative of the authorized local vessel agent/employer must be present to provide transportation or have made arrangement with the Department of Public Works to provide transportation of the vessel crew member to the approved rental lodging or personal residence; (3) the vessel crew member must transit to a scheduled vessel or flight departing within 72 hours

of arrival in Guam; (4) the vessel crew member must present an acceptable **negative COVID-19 test result** collected within 72 hours of arrival in Guam.

Vessel Crew Members who do not meet these criteria will be transported by the Government of Guam to the designated Government of Guam Quarantine Facility, where they will quarantine for a period of 10 days.

Individuals departing by air or sea during their quarantine period will be permitted to transit off Guam if they provide verifiable departure information. Transportation must be arranged by the vessel agent/employer.

Vessel Crew Members must adhere to the following requirements:

1. Must sign a *Voluntary Quarantine Acknowledgement* form;
2. Must provide:
 - a. Their quarantine location address;
 - b. A working phone number where they may be contacted; and,
 - c. A working email address;
3. Must adhere to the home quarantine Restriction of Movement guidelines that will be provided at the point of entry;
4. Must observe social distancing, wear face coverings and practice proper hand-washing etiquette; and
5. Must self-monitor for symptoms of COVID-19, and immediately notify primary care physician if symptoms develop.

D. MEDICAL REFERRALS

Medical Referral Passengers (MRP): MRPs who are not fully vaccinated (**Section I.B.**) or do not present documentation of a previous COVID-19 infection (**Section I.C.**) may qualify for quarantine at an approved rental lodging or personal residence with Restriction of Movement (ROM) guidelines allowing MRPs to leave their quarantine location to attend medical appointments. Such MRPs must meet the following criteria: (1) the MRP must submit a request to quarantine at an approved rental lodging or personal residence to DPHSS at dphss.guam.gov/quarantine prior to arrival; (2) such request must contain supporting documentation, including a medical referral from a referring healthcare provider; (3) the MRP must present an acceptable **negative COVID-19 test result** collected within 72 hours of arrival in Guam. If test results are not provided, the individual must agree to schedule and receive a COVID-19 test within 24 hours of arrival.

Individuals with serious or acute medical conditions who do not have a medical referral to receive care on Guam should submit a request at dphss.guam.gov/quarantine prior to arrival.

Emergency medical requests may be considered on a case-by-case basis at the port of entry. The individual will be required to provide supporting documentation for verification of the circumstances.

MRPs must adhere to the following requirements:

1. Must sign a *Voluntary Quarantine Acknowledgement* form;
2. Must provide:
 - a. Their quarantine location address,
 - b. A working phone number where they may be contacted, and
 - c. A working email address;
3. Must adhere to MRP ROM guidelines that will be provided at the airport;
4. Must adhere to any Executive Order currently in place for Guam as it pertains to the Public Health Emergency; and,
5. Must report any signs or symptoms of COVID-19 to DPHSS quarantine monitoring staff.

Individuals with departing flights during their quarantine period will be permitted to transit off Guam if they provide verifiable departure information.

To qualify for quarantine at an approved rental lodging or personal residence with applicable Restriction of Movement, care providers and traveling companions of MRPs must present an acceptable negative COVID-19 test result collected within 72 hours of arrival in Guam. If test results are not provided, the individual must agree to schedule and receive a COVID-19 test within 24 hours of arrival. Care providers and traveling companions will adhere to the same quarantine requirements as the MRPs that they are accompanying. In the event an MRP is subject to quarantine at the designated Government of Guam Facility, such MRP's care provider and/or traveling companion will likewise be subject to quarantine at the designated Government of Guam Facility, notwithstanding their presentation of an acceptable **negative COVID-19 test result**.

E. EMERGENCY/HARDSHIP (EH)

Emergency/Hardship: Persons who do not qualify for exemption from quarantine as outlined in **Section I.B.** or **Section I.C.** may request for EH status due to a personal or family emergency.

Persons seeking EH status must adhere to the following requirements:

1. Must go directly from the airport to a Government of Guam Quarantine Facility;
2. Must agree to be assessed by the Medical, Behavioral Health, or Public Health staff at the Government of Guam Quarantine Facility to determine necessary services, which may include an option to leave quarantine on a time-limited basis for a specific EH event/activity or transfer to home quarantine;

- a. Individuals must provide documentation and information regarding the emergency/hardship to Medical, Behavioral Health, or Public Health staff;
- b. Reviews for emergency/hardship may take several days depending on the completeness of documentation and availability of COVID-19 testing;
3. Must receive a **negative COVID-19 test** result (post-arrival); and,
4. Government of Guam Quarantine Facility Medical, Behavioral Health, and Public Health staff will determine whether a person's emergency/hardship situation qualifies for an option to leave quarantine for a time-limited activity or transfer to home quarantine on a case-by-case basis.

Failure to satisfy any of the requirements listed above will result in being subject to the original voluntary quarantine order and any accompanying documents.

Persons, who are approved to leave quarantine for a specific time-limited EH event/activity, must agree to the following:

1. Return to the Government of Guam Quarantine Facility at the conclusion of the allotted time specified by DPHSS;
2. Wear personal protective equipment as directed by Public Health staff and adhere to social distancing requirements during the entire EH event/activity;
3. Be transported to and from the Government of Guam Quarantine Facility and supervised by authorized Government of Guam staff (e.g., law enforcement officers, National Guard, other authorized DPHSS or Department of Public Works staff, etc.) during the EH event/activity; and
4. Authorized event/activity will typically be approved for two (2) hours in duration.

Persons who are approved to quarantine at approved rental lodging or personal residence must agree to the following:

1. Must sign a new *Voluntary Quarantine Acknowledgement* form;
2. Must provide:
 - a. Their quarantine location address,
 - b. A working phone number where they may be contacted, and
 - c. A working email address;
3. Must not leave the quarantine location for any purpose, except to attend to the emergency/hardship at authorized times;
4. Must adhere to symptom monitoring by DPHSS; and
5. Must return to the Government of Guam quarantine facility if found to be non-adherent to symptom monitoring and/or quarantine.

Individuals departing by air or sea during their quarantine period will be permitted to leave the Government of Guam Quarantine Facility to transit off Guam if they provide verifiable departure information. Transportation will be provided from the Government of Guam Quarantine Facility to A.B. Won Pat Guam International Airport for those traveling by air.

F. DOD-AFFILIATED PERSONNEL

Active duty military and dependents, DoD civilians and dependents, and DoD contractors arriving by commercial air or sea are subject to the following requirements if they do not meet the criteria outlined in **Sections I.B. or I.C.:**

1. Active duty military and dependents, DoD civilians and dependents, and DoD contractors who are on the Joint Task Force listing at the point of entry will follow quarantine guidelines and restriction of movement as established by the DoD.
2. Active duty military and dependents, DoD civilians and dependents, and DoD contractors who are **not** on the Joint Task Force listing at the point of entry will follow the arriving passengers protocols for the general public established in **Section I.A.**
3. Active duty military, DoD civilians, and DoD contractors assigned to visiting units who are fully vaccinated pursuant to **Section I.B.** but cannot obtain a negative COVID-19 test due to military mission requirements may still be exempt from quarantine where a cognizant DoD medical officer verifies that such personnel have been embarked at sea or otherwise in a sequestered environment for greater than 14 days and are asymptomatic for the COVID-19 virus.
4. Active duty military and dependents, DoD civilians and dependents, and DoD contractors with any questions or concerns regarding applicable military regulations should contact the Naval Base Guam Emergency Operations Center at M-GU-NBG-EOC-BTLWTCH@fe.navy.mil or the Andersen Air Force Base Joint Reception Team at 36WG.JRT.ResponseSection@us.af.mil.
